# Computer Engineering : Internship Program

Experiential, practical, learning is an important aspect of preparing for your career.

The Institution has taken up the initiative to enhance your academics, career, and personal development by providing and guiding you on various options available for pursuing your internships.

All the options are as per the AICTE guidelines and it is compulsory for all the students to undertake internships every semester.

AICTE Offers 49 Free E-Learning Courses and will be considered as an internship after successful completion along with certificate: Refer the pdf of the courses through the link down

<https://drive.google.com/open?id=1QpbFQ8yaRU8FR0qgsFhz5WHK8wrntvKu>

Another internship opportunity is provided by 'Peacock solar provides Rooftop Solar plants for homes' for TE and BE students. Refer details through the link below:

<https://drive.google.com/open?id=1UFwhCE7w311y6uR7kfURWsdDpvPxbmPD>

Department is also offering a Student development program and will be considered as an internship. The list of topics along with the course coordinators accessed through the link:
