Technology (Autonomous)

SIESGST Silver Jubilee Celebrating the Journey & Embracing the Future

It gives us immense pleasure to invite you to join us in celebrating a momentous milestone in the journey of SIES Graduate School of Technology (SIESGST) - 25 glorious years of excellence, achievements, memories and togetherness.

SIESGST was established in 2002, with three undergraduate programmes - Computer Engineering, Information Technology and Electronics & Telecommunication Engineering. Over the years, the institution has evolved with the changing needs of technology, industry and society, emerging as a centre of education, innovation and excellence.

In an ever-evolving technological landscape, SIESGST has expanded academically with emerging disciplines including Electronics and Computer Science, Artificial Intelligence and Machine Learning, Artificial Intelligence (AI) and Data Science, and Computer Science and Engineering (Internet of Things and Cyber Security including Block Chain Technology). The institute has also strengthened postgraduate education with M.Tech in Information Security, Artificial Intelligence & Data Science, and has been granted approval from the University of Mumbai to start the Ph.D. program in Computer Engineering, which is a major step ahead in its quest for academic and research excellence. SIESGST has been accredited by NAAC (A+), NBA, and received Tata Consultancy Services' TCS Priority Tag. Additionally, SIESGST has received Autonomous status from the academic year 2024-2025.

The accomplishments, memories, and contributions of SIESGST's management, the entire teaching and non-teaching fraternity, students, alumni and well-wishers have shaped the institution over the past 25 years. Every participant in this journey has added to this incredible legacy.

As we commemorate 25 wonderful years, we are eager to come together once again to look forward to a bright future, enjoy the present with pride, and remember the past with fondness.

This year-long celebration will begin with the Silver Jubilee Inauguration Ceremony, which will include the Silver Jubilee Logo Reveal, reflections and nostalgic memories of past professors, alumni felicitations, and treasured moments of sharing and reuniting.

We cordially invite you to take part in this memorable event and relive the SIESGST memories that will forever hold a special place in our hearts.
